

C program to remove spaces from string

Kotappa Y. G

USNE: LAC19CS048

Algorithm

① start

② enter some str text

③ while (text[c] != '\0')

if (text[c] == " ")

temp = c + 1;

if (text[temp] != '\0')

while (text[temp] == " " && text[temp] != '\0')

if (text[temp] == " ")

c++;

temp++;

blank[d] = text[c];

c++;

d++;

blank[d] = '\0'

④ output text after removing blanks

⑤ stop

Flowchart
