C program to find sum of positive square elements in an array

Algorithm

Step 1: Start

Step 2: Input n

Step 3: ~~to~~ $i=1$, $sum=0$

Step 4: while ($i \leq n$)

Step 4.1: $sum = sum + i * i$

Step 4.2: $i++$

Step 5: Print sum of squares of numbers

Step 6: Stop

Flowchart
